Mr. Kaploun,

Per our conversation this morning, please find the draft Cooperative Research and Development Agreement and Statement of Work attached. These documents can serve as the basis of discussion during the teleconference you proposed. With regard to the availability of our technical staff, tomorrow at 10am ET or Thursday at 9am or 10am ET would work best for us. Please let us know any if these work for you, provide me the names and email addresses of the WaterGen participants, and we'll be happy to set-up the call.

Looking forward to talking further with you.
